

Ankita Parsad Arya

ankitaarya1207@gmail.com | [LinkedIn](#) | [Github](#) | [Leetcode](#) | [CodeChef](#)

EDUCATION:

- **Bhilai Institute of Technology**, Durg Chhattisgarh **CGPA: 7.48**
Bachelor of Technology, Computer Science and Engineering, 2021-2025
- **Shakuntala Vidyalaya**, Bhilai Chhattisgarh **CGPA: 8.8**
CBSE, 12th Equivalent, Passed out in 2021

EXPERIENCE

- **Web Developer Intern | Prodigy Infotech | Mumbai, Maharashtra | 2-month**
 - Assisted in developing and maintaining responsive websites using HTML, CSS, and JavaScript, enhancing user experience and site performance.
 - Collaborated with senior developers to integrate APIs and backend services, ensuring seamless data flow and functionality.
 - Participated in code reviews and debugging sessions, contributing to the overall quality and stability of web applications.
- Contributed to **OpinHacks, a 36-hour hackathon**, designing NFT card games. Demonstrated creativity and teamwork, developing innovative solutions within a limited timeframe.
- **Hackathon Participant at CodeLoom:** designed Donation and Volunteering System with a 24-hour timeframe. Enabled seamless contributions and volunteer sign-ups for philanthropic initiatives.

PROJECTS

- **Home Services (Laravel):**
 - Built a Home Service Management System with Laravel and MySQL
 - Includes appointment scheduling, task assignment, invoice generation, and payment tracking
 - Streamlined for admins and customers, ensuring efficient service delivery and payments.
- **Crowdfunding Dapp Platform:**
 - Built a decentralized crowdfunding platform using Solidity and Hardhat.
 - Enabled secure project creation, funding, and withdrawal on Ethereum.
 - Implemented smart contracts for transparent and trustless transactions.
- **Donation and Volunteer Management System:**
 - Developed a web-based application using Django to manage donations and volunteer registrations for non-profits.
 - Implemented secure payment processing, donor tracking, and volunteer event scheduling with a user-friendly interface.
 - Optimized the system for efficient performance on low-resource environments, enhancing operational efficiency for non-profits.

TECHNICAL SKILLS

- **Languages:** Proficient in JavaScript, Python, and Java
- **Web Development:** HTML, CSS, JavaScript, React.js, Next.js, Laravel, Django
- **Databases:** MySQL, MongoDB
- **Developer Tools:** Git, IntelliJ IDEA, VS Code
- **Algorithms & Data Structures:** JAVA (DSA)

ACHIEVEMENTS

- Future Engineer Scholar - Batch 2025
- 180+ questions on Leetcode
- 150+ questions on CodeChef
- Postman API Fundamentals Student Expert Certification in Career Essentials in Generative AI by Microsoft and LinkedIn
- Completed the courses and labs in the Google Cloud Career Readiness Associate Cloud Engineer
